

5TH INTERNATIONAL EVENT - THE FUTURE IS DIGITAL

23RD JUNE 2021

10:00 - 15:15

ONLINE

SUPPORTING DEMOCRATIC UNION AND ACTIVE CITIZENSHIP IN DIGITAL ERA

New technologies enable citizens to directly address policymakers, making democracy more representative and participative. On the other side, this may increase the spread of fake news and disinformation.

The project promotes collaboration among policy-makers and citizens from 15 countries, to stimulate democratic and civic participation across Europe, and to support democratic Union in the digital era
